

# Empowering Women Through Sewing Skills

## Ponangi Village, Andhra Pradesh, India

### Introduction

In Ponangi Village, many women aspire to secure a better future for their families by enhancing their livelihoods. A community survey revealed a strong desire to acquire sewing skills, which can enable women to earn a steady income. This project aims to empower women, enhance household financial stability, and support the education of their children in quality schools.

---

### Project Objectives

1. Distribute **30 sewing machines** to aspiring and skilled women in the village.
2. Provide **training workshops** to develop sewing techniques.
3. Enable women to generate income through sewing, improving their families' financial stability.
4. Support children's education by increasing household resources for school fees.

---

### Project Activities

1. **Sewing Machine Distribution:**
  - o Procure and distribute 30 suitable sewing machines to local women.
2. **Training Workshops:**
  - o Collaborate with skilled women in the community to train others.

3. **Community Engagement:**
    - o Raise awareness about the project and encourage village-wide participation.
  4. **Monitoring and Evaluation:**
    - o Regularly assess the women's skill development, income generation, and the impact on children's education.
- 

### Expected Outcomes

1. **Skill Development:** Women gain sewing skills, enabling them to create garments and earn income.
  2. **Economic Empowerment:** Increased household income improves financial security and supports education for children.
  3. **Community Collaboration:** The project fosters mutual support and cooperation among women in the village.
- 

### Expense Budget

Description	Amount (USD)
Sewing Machines (30 x \$89.19 each)	\$2,675.59
Sewing Kits and Fabric	\$400.00
<b>Total Project Cost</b>	<b>\$3,075.59</b>

---

### Project Management

- **Implementing Organization:** Global Relief and New Development Trust
  - **Project Coordinator:** Rajesh Kumar (rajeshkumarmgct@gmail.com)
  - **Report Recipient:** Human Care & Education e.V., Essen, Germany
- 

### Conclusion

This project will empower 30 women in Ponangi Village by equipping them with sewing skills and tools to generate sustainable income. It will enhance their ability to invest in their children's education and foster a supportive community environment. We seek your support to fund this initiative and create a lasting impact on the lives of women and their families in Ponangi Village.
